Bob asked about the situation regarding possible Gypsy Moth mitigation efforts. A little of the information that Supervisor Mark Nunn had acquired last summer was relayed, as well as that the board has discussed possibly attempting a millage for spraying (and the restrictions and conditions for doing that), but the earliest it could be placed on the ballot would be the August 2, 2022 Primary election.

**Unfinished Business:**

None

**Correspondence:** Letter received from the Iosco County Board of Commissioners in which that board voted to temporarily waive its rights to review zoning ordinances and amendments.

**Announcements:** The information on how to access the new county GIS system was disseminated and briefly discussed; Ron Phillips has already begun to use it some and says it is extremely helpful.
